

April 3, 2006

We need your help to place graduating seniors in summer jobs at your company. These students are from the Atlanta Public School system and all plan on attending 2 or 4-year colleges this Fall.

Nothing is more important to the future of our region than an educated workforce. We have a great opportunity to shape that future now by providing experiences to these students beyond the classroom exposing them to the business world.

We hope you seriously consider this request. It's a short-term commitment -- June 5 through July 31, 2006 -- with long-term implications.

The Chamber staff will be following up with you in the next few days to answer any questions. Or you can forward this message to the appropriate HR person to register for this program at www.ajciobs.com/nextstepinterns. If you need more information contact Brooke Havice at the Metro Atlanta Chamber, 404.586.8429 or bhavice@macoc.com.

Let's make a difference together,

Michael D. Garrett
President & CEO
Georgia Power Company
2006 Chairman
Metro Atlanta Chamber of Commerce

Shirley Franklin
Mayor
City of Atlanta
